

HT-BD3252T Blu-ray Home Theater System

Expand your entertainment choices to a degree never before possible with Samsung's HT-BD3252 Blu-ray™ Home Theater System. In addition to the hi-def pleasures of a Blu-ray Disc® Player that also up-converts regular DVDs, it provides the personalized entertainment options of streaming Netflix and the music of Pandora. Enjoy stored music and media favorites using the iPod® dock with video, audio and iPhone™ support. The included LAN adapter and PC Connected/Streaming features let you wirelessly view pictures, listen to music and more from virtually any PC in the house directly to your Home Theater System. A rear wireless speaker module, which eliminates the need to run wires from the front to the back of the room, is included. With 2 HDMI Inputs, there is room for other HDMI devices, for the greatest array of hi-def entertainment options.
