## GE Profile™ 30" Slide-In Electric Range

### Dimensions and Installation Information (in inches)

KW Rating	
240V	11.6
208V	8.7
Breaker Size	
240V	40 Amps
208V	40 Amps

**Note:** Cabinets installed adjacent to slide-in ranges must have an adhesion spec of at least 194° temperature rating.

**Note:** To reduce the possibility of scorching the side walls above the countertop when no load is present on burners, it is recommended that a minimum 6" spacing from adjacent side wall be allowed for possible extended high-heat element operation.

**Receptacle Locations:** For all 30" Slide-In Ranges locally approved flexible service cord or conduit must be used because terminals are not accessible after range installation. See shaded area in drawing for location of electrical outlet box. Recommended outlet locations allow range to be installed directly against rear wall.

### Optional Kits For Slide-In Electric Ranges (Available At Additional Cost)

#### Accessory Backguards

(Attaches to the back of range as a backguard when unit is installed in 30" free-standing cutout)

JXS32SS (Stainless) - 4" High  
JXS32WW (White) - 4" High  
JXS32BB (Black) - 4" High  
JXS37WW (White) - 5-1/4" High  
JXS37CC (Bisque) - 5-1/4" High  
JXS37BB (Black) - 5-1/4" High

#### Body Sides

(Slide-in ranges are sold without sides installed. Can be installed on either left or right when unit has one exposed side [no cabinet adjacent]. Kit contains 1 body side)  
JXS77WW (White)  
JXS77BB (Black)

#### Rear Filler Strip

WB07T10680 - Black Filler Strip Assembly  
WB07T10681 - White Filler Strip Assembly  
WB07T10682 - Bisque Filler Strip Assembly

#### Optional Lower Trim Kits

(If counter height is greater than 36.5", a lower trim kit is recommended to extend the useful height to 38" maximum)  
JXS56WW - White  
JXS56BB - Black

If you are NOT using the Filler strip or Backguard:
