

Jabra

SP200

Bluetooth® Wireless Speakerphone for Mobile Phones

DATASHEET

SPEAK FREELY – DRIVE RESPONSIBLY

Drive carefully and take your calls with the in car Bluetooth® speakerphone

Drive with caution and avoid losing calls when you're on the road. The new Bluetooth SP200 Speakerphone by Jabra enables you to make hands-free calls. It connects wirelessly to your phone and needs no installation – simply clip it onto the visor.

The intuitive controls complement the unique user friendliness with a large easily accessible answer/end button, a volume wheel and a dedicated on/off switch. It's as easy to operate as pulling down the visor.

The DSP voice processing technology delivers clear sounding details even in noisy environments. And the outstanding speaker performance makes every call sound loud and bright.

Jabra's SP200 long-lasting battery provides 10 hours of talk time and 23 days of standby time. It even comes with a car charge and a USB cable so you can charge both inside and outside your car.

Hands-free talking while driving simply doesn't get easier.

Reasons to choose the Jabra SP200

- In-car speakerphone for hands-free calls
- Easy to use with no installation
- Noise reduction and echo cancellation (DSP)

Quick Start Guide

Charge your speakerphone

Insert charger and remove when fully charged and the LED light turns green.

Turning your speakerphone on and off

Slide the on/off switch to turn the speakerphone on or off.

Pairing the speakerphone with your phone

First time pairing:

Turn the speakerphone on and it will automatically be in pairing mode.

The blue LED light will flash rapidly.

Later pairing:

Turn the speakerphone on.

Press and hold the answer/end button (approximately 5 sec) until blue light flashes rapidly.

Activate Bluetooth on your phone.

Search for Bluetooth devices and select Jabra SP200.

Press "OK" on the phone and confirm with PIN code 0000 (4 zeros).

Using your speakerphone

Answer a call

Tap the answer/end button on your speakerphone to answer a call.

End a call

Tap the answer/end button on your speakerphone to end an active call.

Make a call

The call will automatically transfer to your speakerphone. If not tap the answer/end button.

Reject a call*

Press the answer/end button.

Activate voice dialing*

Press the answer/end button. For best results, record the voice-dialing tag through your speakerphone.

Redial last number*

Double tap the answer/end button when the speakerphone is on and not used.

Mute/un-mute

Press the answer/end button to mute an active call. A beep tone plays during the muted call.

Press the answer/end button to un-mute.

Adjust sound and volume

Scroll the volume wheel to the left or right to adjust the volume.

Sleep mode

When disconnected from the phone, the speakerphone turns off automatically after 15 minutes. Tap answer/end button to turn the speakerphone on again.

Place the jabra SP200 in your vehicle

The Jabra SP200 sits discreetly and conveniently on the sun visor.
