

HARD DRIVE ENCLOSURE

FOR 3.5" PATA/SATA IDE HARD DRIVES

Create your own high-performance external hard drive with an AcomData Samba Enclosure. The daring Samba features a precision-extruded aluminum case in a seductive satin finish, whisper-quiet fanless operation, hot-plug-ability, and (get this) an on-off switch. The smart chassis design and fully illustrated guide make installation simple and—like the Samba itself—extremely fast.

So take charge now and transform that useful but utilitarian PATA or SATA IDE hard disk into a versatile, reliable and super speedy external drive. The AcomData Samba is sure to enhance your desktop as well as your data storage.
