D-M50S

UD-M50 3-CD Receiver
MS-50 Compact Loudspeaker

CDR-M30 CD-R/CD-RW Recorder [Optional]
DRR-M30 Cassette Deck [Optional]

Micro Systems Designed For The Way You Live

Components in the D-M50S series are only 210 mm wide, yet they are endowed with circuitry for superior quality sound and sport an attractive design that blends easily with any interior. The front panel is made of silver aluminum, and a half mirror has been added to the display window to enhance the appearance. The UD-M50 includes the high-end Source Direct function, and the audio and power circuits in all components of the series feature highly-acclaimed DENON technology to ensure that the sound you hear is perfectly smooth and transparent. The UD-M50 CD receiver can be connected to the optional CDR-M30 CD-R recorder or DRR-M30 cassette deck if desired. The remote controller that comes with the UD-M50 can also be used to operate the basic functions of these optional units.

Half mirror display window

MS-50 Compact Loudspeaker

- New Tweeter (25 mm Soft Dome)
- 110 mm Profiles Bass Unit
- New Front Baffle Mounting and Finish
- Newly Tuned Crossover to Match D-M30/M50
- Anti-magnetic Design

- General
- Enclosure..... 2-Way Reflex
- Impedance..... 6 ohms
- Recommended amplifier power.. 20 - 50 W (watts/channel)
- Frequency response..... 75 Hz - 20 kHz (3 dB)
- Dimensions 140 (W) x 240 (H) x 200 (D) mm
 5.5" (W) x 9.4" (H) x 7.9" (D)
- Weight..... 2.4 kg, 5.3 lbs

UD-M50 3-CD Receiver

AM/FM Stereo Receiver with 3-Disc CD Auto Changer

The UD-M50 is a Super Micro Component System that lets you enjoy CD and tuner functions in a single unit. The CD section features a 3-disc changer that lets you listen to music without interruption. The UD-M50 packs high output power of 30 W + 30 W, and the audio circuitry is endowed with DENON's renowned Hi-Fi technology to produce a beautifully clean, spacious sound. The D-M50S system is supplied with a pair of Mission MS-50 loudspeakers.

- **Amplifier Section**
- Power Output..... 30 W + 30 W (6 ohms)
- S.D.B. (Super Dynamic Bass)
- Tone Controls (Bass, Treble)
- Source Direct Function
- 2 Audio Inputs and 2 Audio Outputs
- 2-ch PRE Outputs (Mono/Stereo)
- Easy-to-Use Remote Control
- Headphone Jack
- **Compact Disc Section**
- Versatile Repeat Function For 3-Disc Changer
- A wealth of Playback/Recording Functions

- **Optical Digital Output Jack for Direct Transmission of Digital Signals**
- **Auto Edit Function**
- **Tuner Section**
- **AM/FM 40 Station Preset Memory Tuning**
- **Everyday/Once/Sleep Timer**
- **24-Hour Clock**
- **General**
- Power Supply..... 120 V 60 Hz, 70 W
- Dimensions 210 (W) x 135 (H) x 381 (D) mm
 8.3" (W) x 5.3" (H) x 15.0" (D)
- Weight..... 5.5 kg, 12.1lbs

CDR-M30 CD-R/CD-RW Recorder Optional

with Optional Remote Controller

Micro-Size CD Recorder for High Quality Digital Recording

The CD is probably the easiest way to listen to music wherever you go. Just about everyone has a CD player these days, so it would be wonderful if you could also record that high-quality digital sound onto CDs, not just play it back. On this CD, you could record only the music you want to listen, and play it in your car or on your portable player as well as at home. If you use a CD-RW disc, you can record on it as many times as you like. And of course, DENON makes sure the quality of the sound is no different from that of conventional CDs.

- Sampling Rate Converter
- 1 Set Analog Stereo Inputs and Analog Stereo Outputs
- 2 Sets of Optical Digital Inputs
- Serial Copy Management System (SCMS)
- Synchronized one-touch recording of both analog and digital signals (All/1 track) *UD-M50 only
- Digital REC Volume
- Dual Speed Finalizing
- Text Input and Display

*A portion of the text input on a commercially available disc supporting CD text may not be correctly displayed on the CDR-M30.

■ General

Power Supply	120 V 60 Hz, 15 W
Dimensions	210 (W) x 95 (H) x 318 (D) mm
	8.3" (W) x 3.7" (H) x 12.5" (D)
Weight	3.0 kg, 6.6 lbs

Note: CD-R audio discs recorded on the CDR-M30 can be played on most, but not all, standard CD players. CD-RW audio discs recorded on the CDR-M30 cannot be played on models that do not support CD-RW. Some DVD players cannot playback CD-R and/or CD-RW audio discs - check your DVD player's owner's manual for further information.

DRR-M30 Cassette Deck Optional

Single Cassette Deck with Dolby B noise reduction

The DRR-M30 is a single cassette deck featuring a horizontal loading mechanism to ensure smooth, stable tape travel, and the Dolby B noise reduction system. When connected to the UD-M30 or UD-M50, the DRR-M30's CD-SRS function lets you start recording CDs onto tape at the single touch of a button. The DRR-M30 also provides a wealth of editing and playback functions, including One-Touch Auto Reverse and Music Search, to make this deck a truly versatile member of this system.

- Horizontal Loading Mechanism for Smooth, Stable Tape Travel
- Dolby B Noise Reduction System
- CD-SRS for One-Touch Recording from CD
- A Wealth of Editing and Playback Functions
- One-Touch Auto Reverse Operation
- Music Search
- Auto Tape Selector
