

**SHARP®**

MICROWAVE  
OVENS

designed to fit  
your life,  
your priorities,  
your style

# America's #1 microwaves —you won't believe what they can do!

Whether it's helping you entertain guests or giving you more time to spend with your children, Sharp Carousel® Microwave Ovens make a difference every day. Their intuitive features and advanced, easy-to-use technology make microwave cooking better, faster and easier with each new design.

Keeping up with the diverse needs of today's busy consumer is the inspiration behind all that we do. By enhancing choice, versatility and convenience, our microwave ovens not only simplify cooking, they make it a lot more interesting.

In continuing to perfect the features and develop the breakthroughs that lead the industry, Sharp has but one goal in mind—to help you. Every innovation, every improvement and every style change is designed to respond better to your needs—whether you're a novice in the kitchen or a full-fledged pro.

## PLATINUM COLLECTION

The Platinum Collection uses advanced design techniques to offer simple solutions. Using Sharp's exclusive technology to conveniently display the AUTO-TOUCH® Control Panel on the oven's door, each boasts a narrow footprint—one that's nearly five inches slimmer than ordinary microwave ovens—saving valuable counter space.

Equally important, each of the Platinum Collection microwaves offers full cooking capacity—complete with a 16-INCH CAROUSEL TURNTABLE, large enough to hold and rotate a 9" x 13" casserole. With its sleek, smaller profile and larger usable capacity, there are no other microwaves like it!

In addition to saving useful counter space, the Platinum Collection literally offers cooking suggestions, prompting the user via its CLEAR, EASY-TO-READ, TWO-COLOR DISPLAY. There are even a number of One Touch options, like POPCORN (just pop it in and walk away!) and MINUTE PLUS™. It's fast, powerful and simple.

Sensor models eliminate the guesswork involved when cooking or re-heating 16 of the most popular microwave treats. Also included is Sharp's MORE FROM YOUR MICROWAVE menu of automatic cooking options in which users can prepare breakfast foods, lunch items and one dish dinners quickly, easily and automatically. The SUPER DEFROST feature evenly defrosts commonly used portions of ground beef and chicken in half the time of other microwaves.

**big on the inside—  
small on the outside!**

The Platinum Collection isn't only for the space-conscious, it's also for the style-conscious. It's available in Silver, Black and White. Sharp also offers three Instant Action™ Platinum Collection ovens. Instant Action models feature settings that automatically warm, reheat or cook twelve of the most popular food items!

# TOUCHSCREENS

## just point & touch!

Sharp's Smart & Easy™ Touch Screen microwaves are fast, simple and take the guesswork out of microwave cooking! These ovens literally lead you through the preparation of meals with an interactive, step-by-step Touch Screen. Just follow simple directions to prepare breakfast, lunch, soups, snacks, beverages, you name it. The microwave does the rest, automatically determining

when cooking is done, resulting in perfectly cooked foods each time, every time.

Smart & Easy's exclusive NO-GUESS COOKING technology combines Sharp's NO-GUESS SENSOR with programmed "intelligence" to automatically determine when food is defrosted, heated or cooked. 6x6 NO-GUESS COOKING offers a selection of six food categories, each of which offers a choice of six foods. That's 36 different foods that can be cooked by following the simple, foolproof cooking steps offered by the interactive Touch Screen!

MORE FROM YOUR MICROWAVE goes even further, leading the user through quick and complete recipes for One Dish Dinners, Low Calorie Entrées, Supper Soups & Sauces and Delicious Desserts. Following the simple instructions on the Touch Screen, users can easily prepare appealing recipes such as Salsa Chicken, Seafood Pasta and Stuffed Acorn Squash—along with many other delicious foods!

With 62 AUTOMATIC SETTINGS; 24 INTERACTIVE RECIPES; super-fast defrosting and one-touch technology—everyone agrees that it's a snap to prepare complete meals in these powerful ovens. Because they're smart and they're easy!

Touch Screen technology is also available in the R-1750 series of Over the Range models, featuring 1100W of power, CAROUSEL TURNTABLE with on/off setting, SENSOR COOKING and much more! These top-of-the-line models come in stainless, bisque, white and black.

# HALFPINTS

Introducing the Sharp Half Pint™. Its sleek new design, modern colors and convenient size make it the most versatile microwave ever. The Half Pint is fresh, fun and functional.

It comes in seven translucent colors – Orange, Blue, White, Black, Purple, Green and Red. And the Half Pint is not just for the kitchen! This COMPACT 14" CUBE fits nicely in dorm rooms, home offices, vacation homes or city apartments. Any place that's big on style but small on space could use a Half Pint.

The Half Pint comes complete with the exclusive SHARP CAROUSEL TURNTABLE, which measures nearly 11 inches in diameter — large enough to hold a full size dinner plate! And with 600 watts of output power, the Half Pint can handle everything from coffee or tea in the morning to cooking dinner at night.

And using it couldn't be easier. The Half Pint uses AUTO-TOUCH technology to cook, reheat and defrost. Using its many simple features such as COMPU COOK, MINUTE PLUS and EXPRESS DEFROST, you can do everything from warming snacks and defrosting to cooking old favorites like baked potatoes and popcorn.

Say goodbye to basic. Say hello to the Half Pint!

# OVER THE RANGE

R-1611

## bringing microwave convenience to new heights

Sharp's new Over the Range Microwave Ovens give you all the versatility and ease you hunger for in a microwave. Available in a range of cavity sizes and wattages, these models let you prepare everything from left-overs to lavish fare for a crowd—all with fast, foolproof results.

A new REMOVABLE RACK (on selected models) allows two-level heating and cooking to meet larger party or family gathering needs. And the ON/OFF 13" TURNTABLE instantly accommodates an oversized dish.

Want to really expand your menu? The R-1610 series features MORE FROM YOUR MICROWAVE with 31 additional breakfast, lunch and one dish dinner selections. SUPER DEFROST thaws up to 50% faster, while BEVERAGE CENTER delivers hot beverages to the ultimate degree. Combine that with SMART & EASY SENSOR SETTINGS, and you have 44 automatic choices in all!

The R-1610, 11 and 12 all feature Sharp's advanced INTERACTIVE COOKING SYSTEM with a new, 2-LINE, 16-DIGIT DISPLAY—so programming and cooking guidance is faster and easier to read.

For multi-functional convenience, Sharp's Over the Range Convection models let you brown, bake, broil, crisp and roast with microwave, convection, combination and broil options. One oven does it all, without taking up any counter space!

All are easy to install, whether vented to the outside or re-circulating. A powerful ventilation system keeps your kitchen smoke and steam free. And Sharp's distinctive designs beautifully complement any kitchen.

# CONVECTION

Now you can have CONVECTION BAKING, BROILING, COMBINATION ROASTING AND BAKING, plus microwave convenience—all in one space saving design.

R-930AW

## it's really four ovens in one

At 900 watts of power and 1.5 cu. ft., these ovens are ideal as a countertop unit or wall oven. A 4-way system with 15 3/8" diameter porcelain enamel turntable lets you brown, bake, broil and crisp a wide range of foods — in up to half the time of conventional ovens. It also has high and low racks to satisfy multiple cooking needs.

Not exactly sure how to cook something? Use automatic COMPU BROIL, COMPU ROAST and COMPU BAKE. The Broil key even preheats the oven and signals you when ready.

And with its advanced INTERACTIVE COOKING SYSTEM with 2-COLOR DISPLAY, programming and cooking steps have never been faster or easier to follow.

So, whether you're baking a cake, warming a casserole, broiling a steak, roasting a turkey or just popping popcorn, this all-in-one system is the only system you'll ever need.

## STAINLESSSTEEL

Nothing else can create the dramatic effect of stainless steel. Sharp blends exquisite detail with smart engineering to give you the professional, high-tech look so popular in today's kitchens.

Meeting the demand for commercial-type equipment in the home, Sharp's Stainless Steel

R-530BS

Microwaves are just as practical as they are stunning. All feature SENSOR SETTINGS to automatically eliminate cooking and programming guesswork. For added variety, the R-430CS includes new MORE FROM YOUR MICROWAVE to give you 44 automatic cooking choices in all—plus SUPER DEFROST to thaw ground beef and poultry up to 50% faster.

Available with a 16" turntable, 1.8 cu. ft. capacity (R-530BS) or 14 1/8" turntable, 1.4 cu. ft. capacity (R-430CS), these durable microwaves put loads of features to work to save you time and effort.

The R-430CS or R-530BS is ideal as either a countertop or built-in using an optional Built-in Kit. There's also a Stainless Convection Microwave oven (R-930CS) and an Over the Range model (R-1754). All feature high-grade stainless steel, glass doors and superior detail making Sharp's Stainless Steel Microwaves so lustrous, so enduring—they're like jewelry for your kitchen.

sleek...stylish  
...elegant

## 30SERIESSENSORS

Bring a greater variety of breakfast, lunch and dinner dishes to the table —with less time and effort.

Sharp's deluxe sensor models are multi-faceted microwaves that give you cooking options galore. MORE FROM YOUR MICROWAVE, along with SMART & EASY SENSOR settings, offer 44 automatic cooking, reheating and defrosting choices. With pre-programmed recipes, you can serve a wide array of entrees—from scrambled eggs, to hot dogs, to beef with broccoli and rice. And with up to 1200 watts of high-speed cooking power, you can achieve culinary perfection in 30 minutes or less using the One Dish Dinner recipes.

MORE FROM YOUR MICROWAVE also includes SUPER DEFROST —allowing you to thaw 1 pound of ground beef and bone-in or boneless poultry up to 50% faster. COMPU DEFROST delivers the same uniform results for rapid defrosting of steaks, chicken, soups and casseroles. And for a quick cup of coffee or tea, try the automatic BEVERAGE CENTER.

Need a few cooking tips? Sharp's INTERACTIVE COOKING SYSTEM with CUSTOM HELP guides you through the cooking process with an easy-to-read 2-LINE, 16-DIGIT, 2-COLOR DISPLAY.

Available in sizes 1.2-2.0 cu. ft., as well as a broad spectrum of colors, these microwaves give you just as many ways to complement your kitchen as they do to cook a meal.
