# BOTTOM FREEZERS

## Bottom Freezer Refrigerators Have Always Been About Convenience

With the fresh food section above the freezer, bottom freezer refrigerators put the food you use most at eye level. The **Swing Door** freezer is designed to provide maximum capacity.

### Design-A-Door

Our unique flexible shelving system allows you to slide the gallon door bins horizontally and vertically for infinite organization possibilities. The shelves are also dishwasher safe for easy cleaning.

### Digital Temperature Controls

Provides precise temperature control in the refrigerator and freezer compartments. Located up front, the digital temperature controls are easy to reach and adjust. There are two temperature adjusters controlling the refrigerator and freezer compartments separately.

### IcePlus™

Provides accelerated freezing for up to 24 hours to produce 6 lbs. of ice (4.5 lbs. without IcePlus™) and lock-in freshness of all your frozen foods.
