

## **zBoost® zPocket – Creates A Pocket Cell Zone**

Designed for travel and single users, the **zBoost zPocket cell phone signal booster** extends a Cell Zone for single users in dorms, hotels, homes or offices. Just attach the base unit onto the window, plug it in, place your cell phone in the pocket and you have signal. The zPocket boosts the signal received at the window and rebroadcasts to the pocket which holds your cell phone. The zPocket operates on both the CELL and PCS bands and comes with everything you need – window unit, pocket, and power supply.

### **Benefits include:**

- Increases cell phone signal for your phone as it sits in the pocket (20ft. cord is provided from base unit to pocket)
- Great for using speakerphone, headsets, or Bluetooth devices
- Decreases dropped or missed calls
- Easy to use – just plug in and start talking
- Great for travel - small footprint and lightweight
- Dual-band works with all phones and US carriers except Nextel
- Extends phone battery life (uses less power when signal is stronger)
- Maintains network integrity using innovative patent-pending technology

### **PRODUCT SPECIFICATIONS**

#### **zBoost zPocket for a Pocket Cell Zone - Product Specifications: YX110**

Frequency	1850 - 1990MHz (1900 MHz)	824 – 894 MHz (800 MHz)
System Gain	26db (1900 MHz)	31db (800 MHz)
Coverage	Distance from zPocket is dependent upon headset or speaker range	
Network Support	CDMA, GSM, TDMA, AMPS, GPRS, EDGE, 1xRTT, EVDO, HSDPA	
Wall Supply Unit	100-240VAC; 60Hz	
Power consumption	1W standby, 3W max signal	
Base Unit size and weight	4" x 5" 1.3" – 10 oz.	
Operating Conditions	5 <sup>o</sup> to 40 <sup>o</sup> C (40 to 105 <sup>o</sup> F)	

Handles all protocols and includes multiple patent pending technologies to provide low-cost coverage while continually adapting to signals to prevent interference and remain transparent to the wireless network. Provides an indicator if the antennae are positioned improperly, but will NOT suffer damage or interfere with the Carrier Network.

***For increased coverage and multiple users try zBoost YX510 Home/Office – covers up to 2,500 sq. ft.***
