

Engineered to amaze. Designed to perform.

Inspired by art and infused with the latest technologies, the HP ENVY 14 is designed to meet your high standards in sophisticated style. It's one of the smallest, lightest performance notebooks on the market today—just 1.1" thin and starting at only 5.25 pounds.⁽¹²⁾ With Beats™ Audio that runs on HP-designed (and exclusive) sound technology, it delivers the best audio through line-out available on a PC today. Crafted from premium-grade materials, the HP ENVY 14 delivers world-class performance without compromise.

Windows®. Life without Walls™.
HP recommends Windows 7.

All Jet. No Lag.

The latest Intel® processors combined with advanced graphics, accelerate games, videos, and other applications for astounding entertainment and impressive productivity. Experience high-definition video conferencing with the built-in HP TrueVision HD Webcam⁽¹⁵⁾ that automatically adjusts for indoor settings. Digital dual-array microphone provides clear audio and reduces noise interference.

- Experience blazingly fast graphics with immersive multiple display support when plugged in and optimal battery life when not. ATI Mobility Radeon™ HD 5650 switchable graphics with 1GB dedicated DDR3 video memory dynamically switches to shared graphics when running on battery power to give you the best of both worlds.
- Work faster on multiple applications at the same time with the Intel® Core™ i5⁽³⁾ processor with 4-way Multi-Task Processing that allows each core to work on two tasks simultaneously. When your PC needs extra performance, the new Intel® Turbo Boost Technology^(3b) automatically speeds up your processor.
- Push your visual experience to the limit with an edge-to-edge flush display.
- Bluetooth technology helps you stay in touch when you're on the go.⁽¹⁰⁾
- Work more easily in dim-light environments with the backlit keyboard
- Get up to 3 hours and 45 minutes of run time with the 8-cell 59 WHr Li-Ion battery.⁽²⁸⁾
- Get up to an additional 8 hours and 15 minutes of computing time with an optional HP ENVY SlimFit Extended-Life battery.⁽²⁸⁾

Inspiring design.

A laser-etched aluminum finish covers a lightweight, but strong magnesium alloy chassis to project amazing style. A brilliant 14.5" Diagonal High-Definition⁽⁶⁾ HP BrightView Infinity LED display provides full-screen views of HD content through clean, edge-to-edge glass. Subtle but significant refinements elevate the user's experience. Adjust sound, brightness, and other settings with a single touch. The island-style keyboard responds smoothly and lights up for use in the dark. And a generously-sized, multi-touch gesture-enabled HP Clickpad helps you navigate quickly and intuitively.

Hear all the music.

To enhance your entertainment experience, the HP ENVY14 features Beats™ Audio to optimize audio quality through external speakers and headphones to pump up the PC speaker volume. Experience your music the way the artist intended with the world-class Beats™ audio system, offering crystal-clear sound with deep controlled bass that can be accessed with a single keystroke ([fn]+b). Its powerful, HP-developed audio profile is tuned specifically for ENVY's exceptional audio components and tested by Interscope musical artists. Available exclusively from HP.

A better experience.

The HP ENVY 14 goes the extra mile with features like an enhanced Windows® 7⁽¹¹⁾ experience that eliminates pop-ups due to trialware. Should you need help, a special support phone number is available to reach dedicated agents who can help you troubleshoot problems and provide next-day shipping if needed. From its distinctive packaging to all its finely crafted details, the HP ENVY 14 delivers the experience you deserve.

Relax with 24/7 Support.

While your PC is within the Limited Warranty, HP Care Pack Support gives you access to complimentary help whichever way you prefer.⁽³²⁾

- **From your desktop:** Click the HP Support Assistant icon for quick access to preinstalled content and diagnostic tools.
