

# Introducing

# The Connector

## Stand-Alone iPhone/iPod Universal Dock/Charger

### The Ultimate iPhone and iPod docking station

The Connector creates a link from any iPhone and iPod to all Tivoli Audio radios and to virtually any other audio and video system. Simply place your iPhone or iPod into the Connector, then plug The Connector into any audio or video system and you will experience high-quality playback of all your stored music and video.

- Plays and charges iPhone and iPod when docked
- Allows iPhone to play music and receive phone calls simultaneously
- Includes remote control that operates both The Connector as well as most iPhone/iPod functions
- Unique, adjustable chrome wheel back support protects iPhone/iPod when using the control panel
- S-Video and Composite video outputs
- Real wood finishes compliment Tivoli radios
- Audio cable and AC Adapter included
