With the large hard drive, you can store volumes of data, movies, and music.

- Intel® Core™i5 processor[3] with 4-way Multi-Task Processing makes it faster to work on multiple applications at the same time by allowing each core of your processor to work on two tasks simultaneously. When your PC needs extra performance, the new Intel® Turbo Boost Technology[3b] automatically speeds up your processor.
- Intel® UMA HD graphics are made for the way you play.[6][8]
- Work more easily in dim-light environments with a backlit keyboard.
- Intel® Wi-Di ready to wirelessly stream your photos, videos and other PC content to an HD TV. [36]
- Get up to 4 hours and 30 minutes of life with the 6-cell 55WHr Li-Ion battery. [28]

Impressive inside and out.

The Pavilion dv6 notebook offers style with substance, featuring a sleek aluminum chassis etched with the stream design. The integrated fingerprint reader and HP SimplePass Identity Management software give you a quick, easy and secure way to access your favorite websites with a single swipe. Built for longevity with higher-quality components, the Pavilion dv6 also includes a comfortable, responsive island-style keyboard. An easy-to-use, oversized Clickpad supports multi-touch gestures to keep you operating at maximum efficiency.

Do it all at the speed of life.

The latest mobile processors provide the performance you need. Longer battery life makes it last. With integrated WiFi[10b], you'll never feel out of touch. And if you hit any bumps along the way, HP ProtectSmart Hard Drive Protection can help save your valuable information.

Digital entertainment that moves you.

With Dolby Advanced Audio and integrated Altec Lansing speakers, you can surround yourself in sound. When you're watching movies, enjoying tracks from your own collection and Rhapsody® within HP MediaSmart you'll hear the difference. You'll also see the difference with high-definition content from integrated partners such as Hulu™, Netflix® and Roxio CinemaNow™.[15]

Enjoy PC content on your HD TV wirelessly.

The dv6 features Intel® Wireless Display so you can sit back and experience your favorite videos, photos and music on your HD TV. Stop crowding around a laptop screen! Intel® Wi-Di[36] lets you view content from your dv6's hard disk, your home network or anywhere a browser will take you on the biggest screen in your home. Connection is a snap: Simply connect a Netgear Push2TV Adapter to your TV's HDMI or composite A/V input, follow a few steps, then start sharing with a push of a button.
