

All the music you want. All over your house.

Sonos Wireless Dock 100

WD100

Wirelessly dock, charge and play the music from an iPod or iPhone on Sonos

Dock anywhere. Play everywhere. Charge anytime. That's what makes the Sonos Wireless Dock the perfect accessory for your Sonos system. Now you can wirelessly play all the music that's stored or playing on an iPod® or iPhone® in all the rooms where you have Sonos. You can even control the music right on your docked iPod or on any Sonos Controller.

And because it's wireless, you can dock and charge wherever it's most convenient and still enjoy the music all over the house. Best of all, the Sonos Wireless Dock delivers the highest fidelity audio quality by playing the digital music stored on your iPod or iPhone without ever converting it to analog like most conventional docks.

Key Features

- Works with iPod and iPhone
- Wireless music playback on Sonos
- Flexible music control
- Best-in-class wireless technology
- High-fidelity digital sound
- Quick charging dock

Sonos Wireless Dock 100

Works with iPod and iPhone

Simply dock any supported iPod or iPhone and enjoy your tunes all over the house on your Sonos system.

Wireless music playback on Sonos

Wirelessly play what's stored or playing on an iPod or iPhone, including many music apps, on any or all the Sonos ZonePlayers at home. Play the same song from a docked iPod or iPhone in every room – perfectly synchronized.

Flexible music control

Browse and select the music from either your docked iPod or any Sonos Controller.

Best-in-class wireless technology

SonosNet 2.0 wireless mesh network functionality allows you to dock your iPod or iPhone wherever you want and play back the music on any or all the Sonos ZonePlayers in the house.

High-fidelity digital sound

The Sonos Wireless Dock sends your digital music files wirelessly to ZonePlayers throughout your home—without ever converting to analog like most conventional docks. This preserves the sound quality from the iPod to the speaker, ensuring you get the highest fidelity sound.

Quick charging dock

The Sonos Wireless Dock supports Apple's 1Amp charging specification so your iPod or iPhone are ready to go when you are.

TECHNICAL SPECIFICATIONS

All digital audio*

The Sonos Wireless Dock directly accesses the digital music stored on your iPhone or iPod and sends it wirelessly to Sonos ZonePlayers all throughout your home.
