

Key Features

- 2.1 ch 400W⁶ simulated surround sound system for 40" and above HDTV
- Wireless active subwoofer for flexible placement
- Three HDMI™ inputs: single-cable AV connections⁷
- HDMI™ Repeater with 3D pass-through
- Dolby® TrueHD and dts® HD enhanced audio codecs⁵
- 3D Surround Sound (S-Force® Pro Front Surround 3D)
- BRAVIA® Widget unified on-screen interface⁴
- Audio Return Channel: just one cable for TV audio¹
- HDMI™ standby pass-through when system is off
- BRAVIA® Sync multi-device control with one remote³

Key Technologies

2.1-channel sound bar The fast and easy way to add great sound to any HDTV, this sound bar matches the design of Sony® televisions and is the perfect complement for 40" and larger televisions.⁷

Wireless Subwoofer Place the subwoofer just about anywhere in the room. Sony's clever input/output box enables the sound bar to offer both a wireless subwoofer and HDMI™ connections to other equipment.⁷

Three HDMI™ inputs Connect three HD sources via HDMI™ and easily switch between them.⁷ HDMI connections combine the quality of pure digital-to-digital signal transfer with the simplicity of a single connection for audio, video and control.

HDMI 3D Pass-Through Enjoy 3D Blu-ray Disc™ movies, video games and other 3D content with compatible players and HDTVs.²

Dolby® TrueHD and dts® Master Audio5 Experience theater-like sound in your home with Dolby® TrueHD and dts® Master Audio HD enhanced audio.⁵

3D surround sound Using Sony's S-Force® Surround technology, the HT-CT350 can deliver simulated surround sound from just the bar and the subwoofer. You get a powerful surround sound effect without the need to connect multiple speakers throughout the room.

BRAVIA® Widget Control4 Controlling sound bars just got easier. With select 2011 BRAVIA HDTVs, you can pull up a menu on the TV screen to make comprehensive audio adjustments.⁴

400 Watts for powerful sound Hear everything with incredible impact. The sound bar delivers 400 Watts total power (133 Watts x 2 +134 Watts, measurements at 3 Ohms, 80 Hz – 1 kHz with a THD of 1%).

Audio Return Channel1 Eliminate the need for extra cables connected to your TV. Send audio from a compatible TV to the sound bar through the same HDMI™ cable already being used to send audio and video to your TV.¹

HDMI standby pass-through Conveniently access all your HDMI™ sources without having to power on the sound bar.¹

BRAVIA® Sync Capable Easily control an entire system with one remote. Operates Sony® equipment connected via HDMI™ cables, including compatible Blu-ray Disc™ players, BRAVIA® HDTVs, Handycam® camcorders and Cyber-shot® digital cameras.³
