- ▲ **STEP-UP FEATURE**    ▶ **NEW FEATURE**

DREAM MACHINE®

SNOOZINATOR  
extendable snooze

CD-R/RW  
PLAYBACK

## features

- **SPACE-CONSCIOUS CUBE DESIGN** distinguishes this versatile system from ordinary looking clock radios while compact styling also saves space on nightstand
- ▲ **3-D SOUND SYSTEM W/ADJUSTABLE BASS** improves sound dispersion for a more authentic listening experience, and enhances reproduction of bass tones for a more exciting and enjoyable listening experience
- ▮ **GENTLE WAKE AND GENTLE SLEEP** Gentle Wake gradually increases alarm volume until it reaches the maximum level you set; Gentle Sleep when listening to CD or radio (with Sleep Timer) gradually decreases volume until it turns off
- ▲ **AUTO DIMMER BRIGHTNESS CONTROL** automatically adjusts itself to brightness in the room
- **LARGE/DUAL TIME DISPLAY WITH AUTO DIMMER** is backlit for day/night visibility, and shows both the current time and alarm-set time
- **4 BAND DIGITAL SYNTHESIZED TUNER (AM/FM/TV/WEATHER)** provides the most accurate drift-free tuning of all available radio stations for listening to radio talk and music shows, plus audio from TV channels 2-13, as well as up to the minute weather from your local Weather Band broadcasts
- **25 RANDOM MEMORY PRESETS** offer convenient one-button tuning to 10 of your favorite FM and 5 AM radio stations along with 5 TV channels and 5 weather frequencies
- **TRIPLE ALARM: 3 TIMES/3 MODES (CD/RADIO/BUZZER)** gives you the convenience to set three different alarm times with choice of waking to CD, buzzer alarm, or a favorite radio station, for each different time
- **SNOOZINATOR™ EXTENDABLE SNOOZE (10 MINUTES-PER-TAP/60 MINUTES MAX.)—NAP TIMER** gives you the freedom to choose your personal snooze time instead of having to settle for the standard time intervals of other alarms; each press of the Snooze bar adds an additional 10 minutes to your snooze time, up to a full hour, so with a few quick flicks of your fingertips you can roll over for more uninterrupted sleep without having to re-set the alarm
- **NAP TIMER** is a separate button which allows you to take a short nap and wake up to radio or buzzer without changing your alarm settings (you can select your favorite nap time 10/20/30/60/90/120 minutes)
- **VARIABLE MEGA BASS® SOUND SYSTEM** produces rich, deep bass tones for more powerful overall sound, and you can adjust its tones variably
- **CD-R/RW PLAYBACK** plays all compact discs including CD-R (recordable) and CD-RW (rewritable); your own compilations from CD recorder deck or PC can be played on the unit, and it provides a great extension of ability to play network audio music from the Internet—a perfect companion for your PC music
- **CD PLAY MODES (SHUFFLE/SHUFFLE-REPEAT/REPEAT-1/REPEAT ALL)** lets you hear CD tracks in multiple modes: in sequence as recorded, all tracks in random (Shuffle), repeat of all tracks in random order, a single track over and over or all tracks over and over
- **HEADPHONE JACK** lets you enjoy stereo music and sound, and allows for private listening
