Push2TV™ HD-TV Adapter
for Intel® Wireless Display

PTV2000

PUSH 2 TV
HD

CONNECT USING INTEL® WIRELESS DISPLAY

Requires a laptop with Intel® Wireless Display powered by 2nd generation Intel® Core™ processors or select previous generation Intel® Core™ processors. Check for compatible PCs and learn more at: www.netgear.com/ptv

PRODUCT OVERVIEW

Push2TV™ HD is an easy-to-use TV adapter to connect a laptop with integrated Intel® WiDi to your HDTV without cables

Experience your videos and pictures in HD resolution up to 1080p on your big screen TV—no more crowding around a small laptop screen

Sit back, relax, and experience music, pictures, or videos from your computer, home network, or online

Surf the Web from your couch on your TV—access TV shows and movies online, or go anywhere a web browser will take you

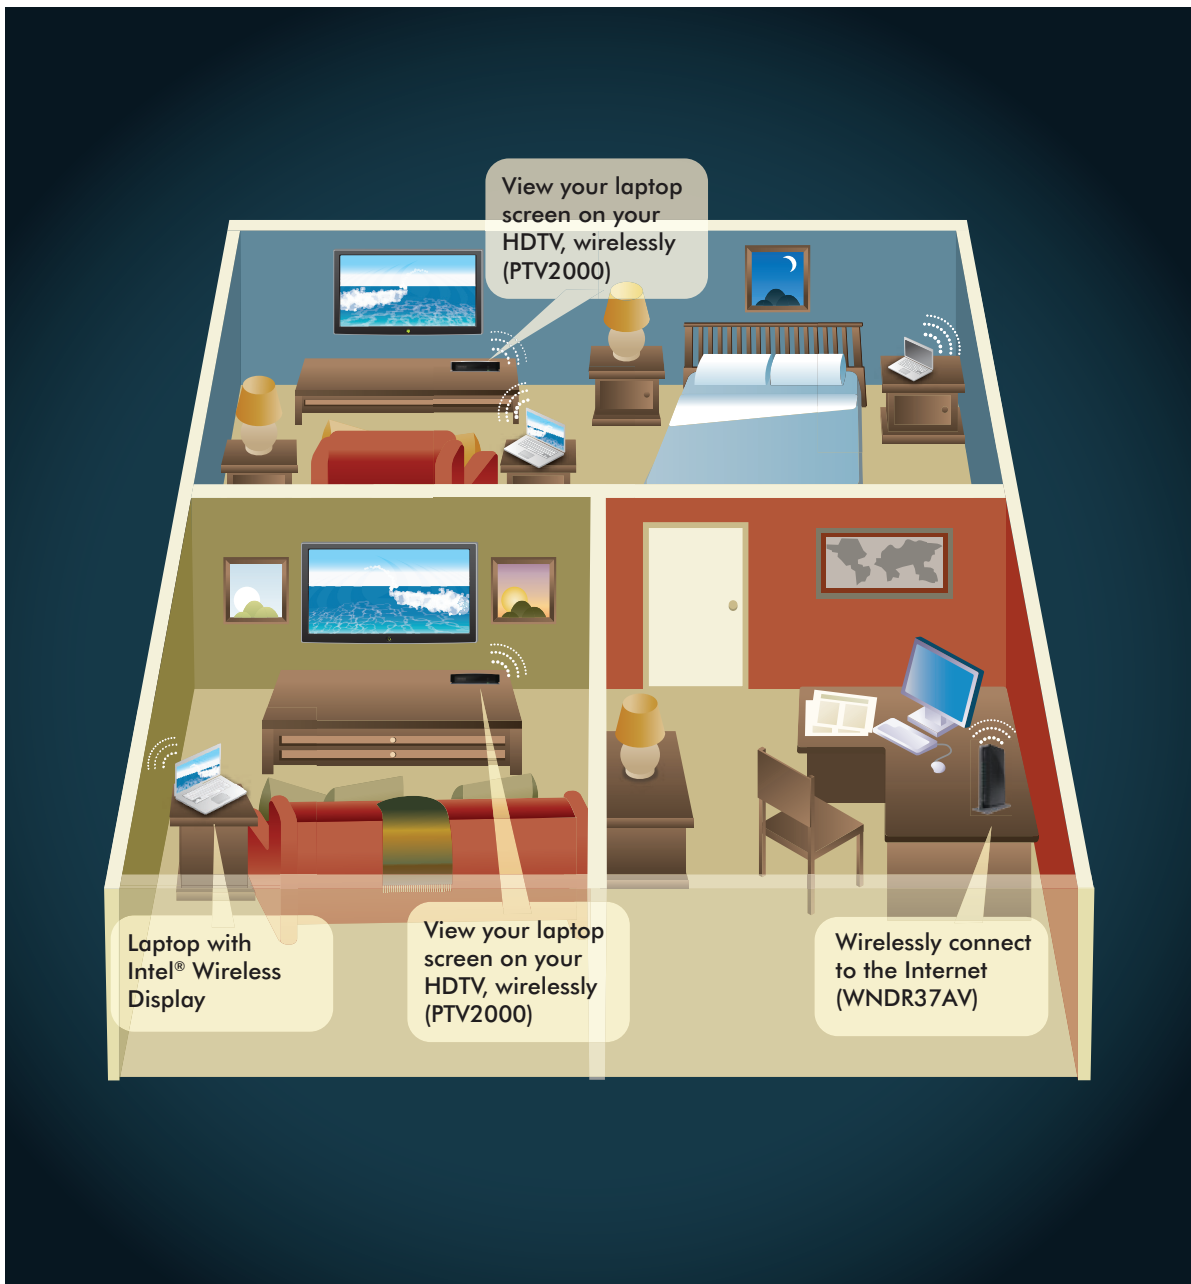

Small and lightweight makes it easy to switch between TVs, or take with you when you travel

VIEW YOUR LAPTOP SCREEN ON YOUR HDTV, WIRELESSLY

The NETGEAR Push2TV™ HD enables you to view whatever is displayed on your laptop screen on your HDTV, wirelessly, in full HD up to 1080p video resolution. With an intuitive setup and using standard Wi-Fi technology, your laptop screen is displayed on your TV without the need for cables stretching across your room. You can browse the Internet, play your favorite online videos, and enjoy a slide show of your photos on your big screen TV without having to connect your laptop to the TV using HDMI or A/V cables.
