

DISHDRAWER® TALL RANGE

With over a decade of *DishDrawer*® manufacturing, we introduce the latest addition by Fisher & Paykel to revolutionize your kitchen; *DishDrawer*® Tall. Continuing with the ergonomically superior design of *DishDrawer*®, Fisher & Paykel have found new ways to make your dishwashing experience even easier. By increasing the height of the top drawer you can now fit up to 13" plates and platters with ease, making cleaning up from dinner parties a breeze. Adjustable racks on the side of the drawer and folding tines ensure complete versatility and adaptability of the drawer to your needs. Follow this up with a range of wash programs and independently operated drawers and you have the ultimate kitchen clean up companion.

Fits 13" plates

The new tall design enables you to fit large dinner plates or platters up to 13" in diameter.

Ergonomics

Ergonomically designed, each drawer requires less movement to open, load and close. No more backbreaking bending and straightening. Install a single *DishDrawer*® Tall in an island for quick clean up, or two either side of the sink. *DishDrawer*® Tall will always be by your side.

Fully adjustable racking system

Independently movable racks fit all sizes of cups and mugs or they can be folded away for maximum space.

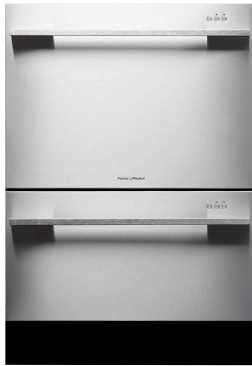

Folding Tines

Easy to use folding tines enable large pots, platters and bowls to be placed effortlessly into the drawer.

Installation

Our latest *DishDrawer*® is significantly cheaper and faster to install than the competition.

The world's first dishwasher in drawers

- The best ergonomics with the least amount of bending
- Double *DishDrawer*® – two independent dishwashers in one
- Single *DishDrawer*® – the ultimate in kitchen design flexibility

Superior wash performance

- The first dishwasher with variable water pressure. “Scrub” clean on the heavy duty and wash gently on the delicate cycle
 - The world’s first flow-through dispenser dissolves detergent completely before contacting the dishes
 - 163°F sanitizing temperature in final rinse (heavy cycle only)
-

High efficiency

- ENERGY STAR® rated
- Ultra quiet operation
- Low water usage as low as 1.95 gallons per drawer
- Eco option saves power

Finishes

- EZKleen coating on stainless steel finishes makes cleanup a breeze
 - Available in black, white and brushed stainless steel finishes
 - Also available in integrated models to attach your custom cabinetry
-
