Dimensions

- Height at full leg adjustment: 34 7/8" Maximum
- Height at 0" leg adjustment: 33 7/8" Minimum
- Installation Clearance: allow 1/4" below countertop
- Unit Width: 23 7/8"
- Depth including door: 24 1/4"
- Depth with door open: 49 1/4"
- Custom panel flange depth: See page 2

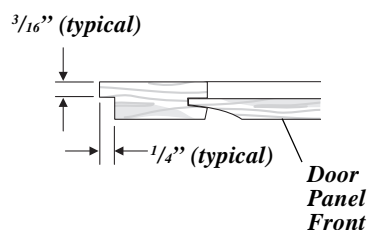

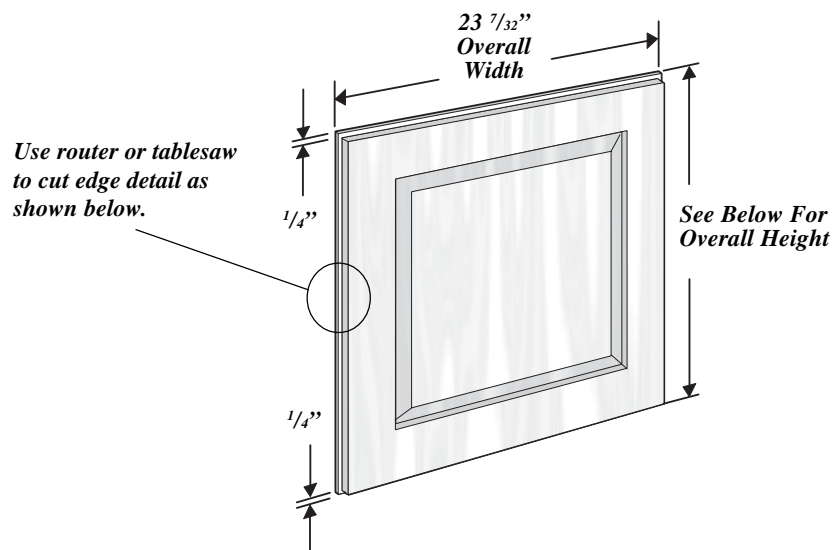

Additional Information

- Electrical requirements: 120 volts AC, 60 Hz., 15 or 20 amp, fused electrical supply is required.
- Corner installation: Allow 2" minimum between corner wall and dishwasher opening.
- Do NOT install dishwasher on carpeted floor.
- Water requirements: The hot water line to the dishwasher must provide between 20-120 psi water pressure. Incoming water temperature to the dishwasher should be at least 120°F for best results. Use 3/8" OD copper tubing or high-pressure and high-temperature rated plastic tubing with a minimum **inner** diameter of 1/4". Dishwasher inlet valve has 3/8" NPT internal pipe thread.
- Drain requirements: The drain hose is looped up the right side of the dishwasher to insure proper drainage. **Do not remove hose from attachment.**
- Unit accepts custom panel. See page 2 for detail.

Custom Wood Panel Information

Models: All 24-inch Built-in

Overall Height

3" Console
25 ¹⁵/₁₆"

6" Console
23 ¹¹/₃₂"

Additional Information

- A dishwasher door panel can be customized to match wood cabinets.
- A panel thicker than 1/4" requires routing all four edges to 1/4". See illustration.
- To protect wood panel from humidity, apply a moisture-resistant sealer on sides and edges.
- Maximum door panel weight is 10 pounds.

Requires Kit

Kit numbers for 3" consoles

- 154310301 (white trim)
- 154310302 (almond trim)
- 154310303 (black trim)
- 154310304 (bisque trim)

Kit numbers for 6" consoles

- 154362701 (white trim)
- 154362702 (almond trim)
- 154362703 (black trim)
- 154362704 (bisque trim)
