

GLDA690PWW/GLDA690PBB/GLDA696PSS

GE® Tall Tub Built-In Dishwasher

Dimensions and Installation Information (in inches)

Electrical Rating

Voltage AC.....	120
Hertz.....	60
Total connected load amperage.....	9.1
Calrod® heater watts max.....	875

For use on adequately wired 120-volt, 15-amp circuit having 2-wire service with a separate ground wire. This appliance must be grounded for safe operation.

Note: The rough cabinet opening must be at least 24" deep, 24" wide and approximately 34-1/2" high from floor to underside of the countertop. Dishwasher must not be installed more than 10 feet from sink for proper drainage. All plumbing and electrical work must be in accordance with local codes. The power cord and connections must comply with the National Electrical Code Section 422 and/or local codes and ordinances. The cord must be no longer than 6 ft. from the junction box to the receptacle.

Installation Information: Before installing, consult installation instructions packed with product for current dimensional data.
