

## PRODUCT HIGHLIGHTS

- Vacuum Tube and Digital Amp Technology
- Samsung Smart Blu-ray™ Home Theater System
- WiFi built-in

### Go beyond incredible sound with a new generation of home theater.

The Samsung HT-E6500W Home Theater: a true standout in the realm of Home Theater entertainment, thanks to its advanced connectivity. Vacuum-tube power delivers brilliant sound by combining the best of digital and analog audio technologies. The Disc to Digital streaming service takes your DVD favorites and unlocks them in the cloud, for easy access anytime, anywhere. Samsung's Smart Blu-ray™ technology goes beyond unparalleled picture quality for your favorite movies and shows; you can also browse content, connect and share with friends and explore the web, thanks to Samsung Apps. Built-in WiFi ensures your connection to the web is always ready, and always lightning-fast.

## HT-E6500W

## HT-E6500W Home Theater System

### FEATURES

**Vacuum-tube and digital amp technology:**

Brings music to life with sounds of deeper bass and richer vocals. Samsung now brings the latest technology with the precision of digital reproduction and the natural warmth of analog tube.

**5.1 channel**

**1000 watts**

**2 Half-tall speakers**

**Woven glass-fiber speakers**

**Smart Hub:** Samsung Smart Blu-ray™ Home Theater System has retooled its Smart Hub feature to further expand its access to a world of online entertainment. Smart Hub delivers an optimized viewing experience with single point access to the content that's the most important to you. Smart Hub also allows you to search through hundreds of apps and use the fully optimized web browser for a seamless user experience.

**Web Browser:** Easily stream your favorite movies and TV shows, download apps, shop online, browse the web, update your status on Facebook® and Twitter™ and enjoy all of the benefits of full web browsing right on the big screen.

**Disc to Digital Streaming Service:** Unlock a digital copy of your DVD collection and access your movies on multiple connected devices.

**WiFi built-in:** With a wireless LAN built-in, it is easier than ever to browse the web right on the big screen.

**AllShare™ Play:** Enables your Blu-ray™ Home Theater System to wirelessly access and then stream content from any compatible device, like a PC. That means you can share movies, photos and music all through a single device — and watch on your TV. Now with the benefits of cloud technology, you can access and even share content when you're away from home.

**Wireless rear speakers:** With rear wireless module included.

**Dual-unit Subwoofer**

**3D Blu-ray™ Player\***

**iPod® dock:** Directly docks iPod® to the home theater system.

**Crystal Amp Plus:** Samsung's proprietary digital amplifier technology, Crystal Amplifier Plus, delivers HD quality sound to your 3D experience. This innovative technology was designed to filter sound sources twice to minimise distortion and produce crystal-clear sound. Now everything you hear sounds exactly the way it was meant to be heard.

**3D Sound Plus:** Prepare yourself for the world's first "total 3D" experience with the addition of 3D sound to your 3D viewing environment. 3D Sound Plus, Samsung's unique sound processing technology, combines its latest advancements in sound, 3D depth Sound, Vertical Surround and Horizontal Surround, to deliver a more realistic 3D experience for a truly heart-pounding, immersive adventure.

### PLAYABLE DISC TYPE

BD, DVD, DVD±R, DVD±RW, CD-DA, CD-R, CD-RW

### VIDEO FEATURES
