

## PRODUCT HIGHLIGHTS

- Vacuum Tube and Digital Amp Technology
- Samsung Smart Blu-ray™ Home Theater System
- Built-in WiFi

### An unmatched home theater experience, as only Samsung could deliver

Get the most out of your 3D entertainment with a Home Theater system that truly stacks up: the Samsung HT-E6730W. Start with incredible vacuum-tube audio, which blends the best of digital and analog sound in perfect harmony. Samsung's Disc to Digital streaming service can take DVD Disc entertainment and unlock it in the cloud. The power of Smart Blu-ray™ brings you much more than just movies and shows; you can also use Samsung Apps to share and connect, search content and even browse the web – which is made easier with built-in WiFi. And it all comes through 7.1 channels – the ideal sonic pairing for the biggest cinematic 3D thrills.

## HT-E6730W

Home Theater System

## HT-E6730W Home Theater System

### FEATURES

**Vacuum-tube and digital amp technology:** Brings music to life with sounds of deeper bass and richer vocals. Samsung now brings the latest technology with the precision of digital reproduction and the natural warmth of analog tube.

**7.1 channel**

**1330 watts**

**2 tower speakers with swivel driver**

**Woven, glass-fiber speakers**

**Smart Hub:** Samsung Smart Blu-ray™ Home Theater System has retooled its Smart Hub feature to further expand its access to a world of online entertainment. Smart Hub delivers an optimized viewing experience with single point access to the content that's the most important to you. Smart Hub also allows you to search through hundreds of apps and use the fully optimized web browser for a seamless user experience.

**Web Browser:** Easily stream your favorite movies and TV shows, download apps, shop online, browse the web, update your status on Facebook® and Twitter™ and enjoy all of the benefits of full web browsing right on the big screen.

**Disc to Digital Streaming Service:** Unlock a digital copy of your DVD collection and access your movies on multiple connected devices.

**WiFi built-in:** With a wireless LAN built-in, it is easier than ever to browse the web right on the big screen.

**AllShare™ Play:** Enables your Blu-ray™ Home Theater System to wirelessly access and then stream content from any compatible device, like a PC. That means you can share movies, photos and music all through a single device — and watch on your TV. Now with the benefits of cloud technology, you can access and even share content when you're away from home.

**Wireless rear speakers:** With rear wireless module included.

**3D Blu-ray™ Player:** Play 3D titles.

**iPod® dock:** Directly dock an iPod® to the home theater system.

**Crystal Amp Plus:** Samsung's proprietary digital amplifier technology, Crystal Amplifier Plus, delivers HD quality sound to your 3D experience. This innovative technology was designed to filter sound sources twice to minimise distortion and produce crystal-clear sound. Now everything you hear sounds exactly the way it was meant to be heard.

**3D Sound Plus:** Prepare yourself for the world's first "total 3D" experience with the addition of 3D sound to your 3D viewing environment. 3D Sound Plus, Samsung's unique sound processing technology, combines its latest advancements in sound, 3D depth Sound, Vertical Surround and Horizontal Surround, to deliver a more realistic 3D experience for a truly heart-pounding, immersive adventure.

**Vertical Surround Sound**
