

**Model CT36G
36" Gas Cooktop**

The patented dual-stacked burner design of Wolf gas cooktops uses its upper-level burner for maximum heat transfer. Merely turn down the knob and the lower-tier burners delivers fine-tuning control and True Simmer. The sealed burners and deep recess of the seamless drawn pan make clean up a snap. Model CT36G is available in your choice of classic or platinum stainless steel finish and natural or LP gas.

Model CT36G with classic stainless steel finish.
