

PRODUCT HIGHLIGHTS

- 46" Convertible Sound Bar
- 3 Mounting options
- Wireless Active subwoofer

A versatile, modern design makes this home theater a true standout.

A unique convertible design is the highlight of the Samsung HW-E550 Home Theater. Twin towers can be paired together standing up like traditional speakers, or joined to form a complete audio bar which can be wall-mounted; either way, they're designed to perfectly match the width of your 46" Samsung HDTV. Completing the picture: a wireless subwoofer, which delivers tight, thundering bass for every show and movie.

HW-E550 Sound Bar

FEATURES

Mounts 3 different ways: TV, wall mount or stand

310 watts

2.1 channel

Wireless Active subwoofer

2 way 2 speakers

3D Sound Plus: Prepare yourself for the world's first "total 3D" experience with the addition of 3D sound to your 3D viewing environment. 3D Sound Plus, Samsung's unique sound processing technology, combines its latest advancements in sound, 3D depth Sound, Vertical Surround and Horizontal Surround, to deliver a more realistic 3D experience for a truly heart-pounding, immersive adventure.

Bluetooth®: Samsung's Digital Noise Filter helps to eliminate some of the digital artifacts and other digital "noise" that are seen on your screen. That means you can now watch crystal-clear analog programming as if it was being broadcasted digitally.

Audio Return Channel: Eliminates the need to use two cable connections, instead all you need is one HDMI® connection between your Sound bar and TV. TV Audio will be sent to the Sound bar and Sound bar audio (from connected external devices) will be sent to the TV using the same HDMI® cable.
