- Wall Mountable
- Call Waiting Caller ID<sup>1</sup>

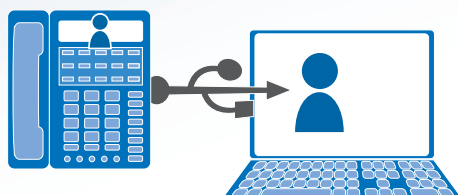

# KX-TG9472B

## Multi-Line Answering System with 1 Corded and 2 Cordless Handsets

### Contact Sync [Exclusive Feature]

Connect the phone to a PC and incoming calls trigger a contacts pop-up in Microsoft® Outlook®. Caller information and notes from previous conversations are at your fingertips. You can also make outgoing calls from your PC with a single click.

Connect to a PC and caller info pops up on your computer screen. You can also make outgoing calls by clicking the contact in Outlook.

### 2-Line Operation

The KX-TG9471 features 2-Line Operation—perfect for a small business or home office. Two conversations can be held at once on separate lines using the corded and cordless handsets.

### Large, White Backlit LCD on Base Unit

The large LCD display lets you easily see who's calling and clearly shows other information at a quick glance and without having to sit directly in front of the phone. Simple navigation functions become a breeze while eye strain is reduced.

### Call Block

Store the Caller ID info of any and all unwanted callers into your phone's Call Block list so that you can eliminate future pesky calls from them. After their information is stored, they'll get a busy signal if they call you again.
