

MODEL OVERVIEW

Sharp’s advanced AN-3DG30 active shutter 3D glasses provide an attractive component to the AQUOS® Quattron™ 3D experience. When matched with the Quattron 3D LCD TVs, the AN-3DG30 offers a unique set of features that enhance the 3D experience, including a unique 3D/2D Conversion Mode button and several comfort-related design elements.

AN-3DG30 KEY FEATURES

- 3D/2D Mode Conversion button enables simultaneous viewing of 2D and 3D images by different people in the same room.
- Two kinds of Nose Pads are included to fit children and adults.
- Dedicated Glasses Band ensures a perfect fit and no slipping off.
- Specially Designed case and cleaning cloth are included.
- Auto Power Off feature turns the glasses’ power off if no 3D signal is received for 3 minutes, helping to preserve the lithium battery’s 50-hour life.
- USB cable included for convenient charging.
