

Viking Outdoor Gravity Feed™ Smokers

Standard Features

All models include:

- Commercial Styling and Construction
 - Professional construction, design, and styling
 - Blends seamlessly with all Viking Outdoor products
 - Adjustable leveling legs for uneven surfaces
- May use natural lump charcoal or regular charcoal briquettes
- Versatile – precise temperature control allows the gravity feed smoker to perform a wide variety of foods including:
 - Barbeque ribs
 - Boston butts
 - Beef brisket
 - Variety of chicken
 - Tenderloin
 - Smoked turkeys
 - Seared steaks and chops
 - Pizzas
 - Baked side dishes and even desserts
- Unique design provides maximum heat retention
 - Unit is fully insulated
 - Heat reflects off interior in a convection fashion, cooking foods from all angles while locking in flavor and juices
- Removable, heavy-duty cooking racks create an optimal cooking area with maximum capacity
- A thermometer located in the center of door gives precise readings from 50° to 550°F (10°-288°C), allowing all foods to be cooked at required temperatures
- Damper located on firebox maintains airflow control throughout the smoker and regulates temperature
 - Open valve to increase temperature for high-temp grilling
 - Close valve to lower temperature for “low and slow” items
- Ash/wood box located inside firebox serves dual function for easy ash removal and easy wood chunk or chip loading
- All models include heavy-duty, durable locks, latches, and door hinges
- Units ship pre-coated for easy seasoning (see Use and Care Manual)
- Removable drip tray under unit captures grease for easy cleanup
- Removable rain cap for stack ships standard (must be removed during operation)
