CD Radio Cassette Recorder

features

- ◆ **Clear Display for Easy Reading and Control** Large easy-to-read display makes track identification easy from any angle.
- ◆ **10-Key Remote Commander® Remote Control** provides convenient, one-button access to preset AM/FM stations or tracks of CD player.
- **All New Chassis Design** represents high quality and power with a new look in portable entertainment with an updated front panel.
- **Digital AM/FM Stereo Tuner** provides the most accurate drift-free tuning of AM and FM radio stations and lets you choose from the wide variety of talk shows and music programs, with the added enjoyment of stereo sound.
- **Slim Remote Control** gives convenient remote access to Function, CD operation, Radio operation and Volume control.
- **Wide Convex Speakers** New speaker design allows the sound to be dispersed over a wider area for a fuller sound stage.
- **Mega Bass® Sound System** produces rich, deep, bass tones for more powerful overall sound.
- **CD-R/RW Playback Compatibility¹** Plays all CD-R/RW discs burned either in a PC or a home recording deck. Create custom mixes from your existing music collection and always have the right music at hand.
- **20 Track RMS Programming** can pre-program up to 20 tracks on a CD to play back in any order.
- **CD Play Modes (Program/Shuffle/Repeat)** lets you hear tracks in multiple modes; in sequence as recorded, in program (RMS) order, all tracks in random (shuffle) order or a single track over and over
- **Synchronized CD/Cassette Dubbing** Starts cassette recording when compact disc playback begins.
