ADVANTAGE TOSHIBA

- >> 14" FST PURE® flat tube eliminates unwanted reflections from room light compared to conventional tube designs and increases viewing angle
- >> Invar Shadow Mask enhances color reproduction thanks to its nickel-alloy construction, making it more heat resistant than conventional iron masks
- >> MTS Stereo with dbx® provides full broadcast stereo sound quality with access to bilingual or secondary audio signals
- >> Tri-Lingual OSD allows for easy operation for English, Spanish, and French speaking viewers
- >> ColorStream® Component Video Input provides the ultimate picture quality from interlaced component video signals
- >> Front Panel A/V Input for easy connection of video games or a camcorder

14AF45

TECHNOLOGY & BENEFITS

VIDEO

FST PURE® Fine Pitch Flat Picture Tube - This "purely flat" picture tube delivers increased viewing angle along with the enhanced picture linearity necessary to produce accurate life-like images.

AUDIO

Double Baffle Speaker System - Provides improved stereo sound reproduction without connecting additional speakers.

StableSound® - Maintains television volume within a preset range regardless of the source signal.

CONVENIENCE

Sleep Timer - Allows the viewer to set the television to shut off automatically after a preset amount of time.

Channel Lock - Selected channels can be locked out to prevent viewing. Channels can be unlocked by entering a secret code.

Video Lock - Selected inputs can be locked out to prevent viewing.
