- 32" wide x 14" deep
- 19" wide x 20" deep

CORNER EXTERIOR

TV SIZING:

For every 1" of depth required by the TV base, subtract 1.8 from 64. This is the MAX TV width at the required depth. Note: Minor gains can be had by moving cabinet forward. This will cause a gap but will produce 1.8" in width per inch moved forward.
