

**Programmable IR/RF Remote Control with 2.4" LCD**

**OVERVIEW**

Versatile programmable handheld remote provides single-room IR control – TV, A/V components, cable and satellite boxes. It is ideal for home theater installations and A/V control in kitchens and bedrooms. When used with a compatible Complete Control base station, it controls A/V components through walls and cabinet doors, even from outside - no need to point the remote or be in the same room.

- Handheld remote with brilliant 2.4" color LCD – displays up to eight buttons per screen
- Ergonomic design with backlit hard button keypad and on-board speaker
- Delivers single-room, one-way control of IR devices
- Controls A/V through walls and cabinet doors, or from outside
- Lithium-ion rechargeable battery with tabletop charging cradle
- MX-990i features 433 MHz frequency for international and highly-populated markets

**HIGHLIGHTS**

- Custom Interface** Custom user interface with font library allows dealer to create custom icons, layouts, themes, backgrounds and sounds
- Pickup Sensor** Wakes up when lifted, preserves battery charge
- Timers** Event and Sleep Timers for automated event scheduling
