

ISOLUS CARE INSTRUCTIONS

BEFORE USE

- Carefully remove plastic packaging. Take care not to cut through the mattress topper.
- Place compressed mattress topper on a flat surface in a well ventilated room and allow 48 hours for expansion.
- Due to the unique properties of memory foam, dimensions after expansion may vary; this is normal and will not affect the performance of the mattress.
- New memory foam may initially have a slight odor; it is completely harmless and will dissipate over a short time with regular use.

WASHING CARE

- The mattress can be spot cleaned with mild detergent by hand only; do not soak or machine wash the foam. Rinse with warm water.

DETERGENT

- Use a mild liquid detergent, preferably non-alkaline, without added bleach or whiteners.

DRYING

- After spot cleaning the mattress, dry at room temperature away from heat or light. Do not machine wash or dry.
