

### Product Details

- Reclaimed wood plank construction
- Hand-worked metal frame
- One bottom shelf
- Dining styles are available.

# Carpenter

RECTANGULAR COFFEE TABLE | 6722-031

50"W x 26"D x 18"H

*Industrial construction inspired by vintage workbench design.*

Drawing inspiration from vintage workbenches, the Carpenter rectangular coffee table is constructed of reclaimed wood planks and hand-worked metal frames. Exposed bolt heads underscore the aged, oiled finish that resembles an industrial steel framework. This table fits beautifully in a long, narrow room where space is limited.
