RF400 Wireless Home Theater Headphones

Stay immersed in the action with wireless, noise-reducing home theater headphones. High quality sound from large drivers pairs with a Bluetooth range of 150 feet for optimal performance¹. Enjoy crystal-clear voices in your favorite shows and movies with Voice Mode and binge-watch uninterrupted with 20 hours of battery life² in a comfortable, adjustable design.

Features

Hear the details with large driver units

Hear the highs and lows in all of your favorite shows, movies, and games. Large 1.57" driver units put power and quality behind the audio, so all you hear is the clarity and detail in every voice, note, and sound.

Escape into your content

The built-in noise reduction system reproduces clearer sound by blocking interference from other electronic devices, leaving you immersed in what you're watching.

Vocal clarity with Voice Mode

Enjoy clearer dialogue for shows and movies with a touch of the Voice Mode button.

150ft Wireless range

Never worry about re-pairing your headphones. The enhanced range from the transmitter dock lets you move from room to room without losing an audio connection¹.

Up to 20 hours of play time

Enjoy your favorite shows, music, and films without having to charge for up to 20 hours².

Comfortable fitting earpads and headband

Sit back and relax. Whether it's a streaming binge or a movie marathon, these soft and comfortable headphones are optimized for long listening. The headphones are adjustable with a twist-and-tilt feature, allowing any member of the family to use them comfortably for hours on end.

Set-and-forget simple setup

Once these headphones are out of the box, simply connect the transmitter dock to your TV with the supplied cable and sit back as the headphones sync with the dock.

Easy to charge

When the battery gets low, simply place them back on the receiver on the cradle to charge.

Included audio cable for wired listening

The RF400 headphones are outfitted with a headphone jack and come with an audio cable in the box for wired listening of your favorite shows, movies, or music.
