FURNITURE
SHAPED BY YOUR NEEDS®

SALAMANDER DESIGNS

For over 25 years, Salamander Designs has been designing and manufacturing high-quality, customizable AV furniture.

"Salamander furniture is shaped by your needs"

We specialize in offering exceptional choice when shopping for functional products that integrate technology with your lifestyle.

We take pride that we build best-of-class AV furniture. Our Design Your Own concept allows Salamander customers to bring their personal visions to life.

Our approach to furniture manufacturing blends a specific design philosophy that fuses visual design, engineering and craftsmanship.

"Salamander systems start with a strong foundation"

And our products are Engineered to Perform, designed to enhance and evolve with changing technology needs and preferences.

Salamander Designs ... Elevating the Furniture Experience.

Sustainability is part of our DNA. We build things to last a lifetime. And we strive to tread lightly on our environment, from the materials we select, to manufacturing processes we employ, to our **100% solar powered factory**.

Throughout our history, we have been committed to building as many of our products as possible in the USA.

For 16 years straight Salamander leads the furniture category, according to CE Pro Magazine.

Our business is fueled by a passionate commitment to create the highest quality AV furniture on the market, shaped by the needs of our customers.

AV FURNITURE

Audio Video cabinets are essentially the control center for any media room's AV components. At Salamander, we don't build custom cabinets just to house and support your TV—but everything that comes with it. Every facet of our design process serves a purpose, from vibration damping construction and cabinet ventilation to cable management and storage options.

Corisca 339

DESIGN YOUR OWN

YOUR FURNITURE HELPS DEFINE YOUR SPACE

You may prefer a sleek contemporary look, or something more traditional. Having choices - being able to Design Your Own - is essential in finding the perfect furniture to match your decor. That is why we offer a wide range of style options and features, like exotic Wenge finish, textured natural wood doors, or high-gloss black glass for dramatic effect. And whether your cabinet is wall-mounted or “grounded” with stylish footings, you’ll find the perfect AV furniture solution.

Seattle 237

ON-WALL

The wall hanging cabinet is the ultimate way to create the look of custom cabinetry. It creates the illusion that your cabinet is floating above the floor. Best of all, installation is simple. Just remove the standard cabinet feet, install the specialized wall hanging brackets and presto. See wall bracket on Page 103.

ENGINEERED TO PERFORM

THE ESSENTIAL FUNCTION

Salamander produces specialized AV furniture and accessories that are Engineered To Perform - designed to satisfy the functional requirements of both professional AV integrators and AV enthusiasts. Keen attention to the smallest details result in a heightened audio visual experience.

Thoughtful technology solutions such as our cabinet cooling features increase the performance and longevity of electronic components. Additionally, all cabinets feature Interior **Storage options, Cooling, IR Passing, Removable Rears** and **Interior Cable Raceways, Integrating TV's or Speakers** into the cabinet.

SPEAKER INTEGRATION

AV Cabinets accommodate a wide range of speaker types and sizes. Salamander has partnered with Leon Speakers to offer custom-made premium soundbars to fit most Salamander cabinets. These center channel and LCR speakers are designed specifically to fit any cabinet.

Synergy 329, Cherry/Black

BUILT TO LAST

NOBODY BUILDS FURNITURE LIKE WE DO

At Salamander, we build things to last a lifetime, utilizing the finest, **sustainable materials** and **cutting edge construction** methods. We pay close attention to each component for its balance of function, durability, comfort and style. The **structural integrity** and **flexibility** of our systems are of utmost importance, and nowhere is this better illustrated than looking inside to the heart of each custom cabinet - a **precision-engineered** aluminium frame that puts us in a class by ourselves. All finished customized AV furniture is **built-to-order in the USA** and carries a **lifetime warranty**.

TECH RACK

Now, for the first time, it is possible to own Pro Audio Rack Mount cabinets that look like furniture.

All rack mount cabinets are constructed of premium components with exceptional attention to detail, reliability and durability. Mounting rails are compatible with industry EIA 19" component standards and include lacing bars to help manage wires.

CHAMELEON SYSTEM

Chameleon combines art and technology in sophisticated designs to fit in almost any decor.

221 CORNER
Rec. TV Size: up to 50"

323 CORNER
Rec. TV Size: up to 50"

329 CORNER
Rec. TV Size: up to 50"
Includes Speaker Grill

*CORNER INTERIOR

- 40" wide x 10" deep
- 32" wide x 14" deep
- 19" wide x 20" deep

*CORNER EXTERIOR

TV SIZING:

For every 1" of depth required by the TV base, subtract 1.8 from 64. This is the MAX TV width at the required depth. Note: Minor gains can be had by moving cabinet forward. This will cause a gap but will produce 1.8" in width per inch moved forward.

CHAMELEON LOW PROFILE AV CABINETS

Low-profile, shallow depth cabinets are sleek, streamlined solutions for supporting AV technology. Our innovative design conceals all equipment and cables, and simple installation allows them to be affixed to any wall without special preparation.

AV INTEGRATION

TV
Integrated mount with black modesty panel.

VESA Compliant:
Horizontal: 200 - 850mm
Vertical: 200 - 500mm

Adjustable Center of Screen Settings:
61.5" / 59.75" / 58" / 56"

Speaker
Model 345 features a center opening with a removable, grill designed to hide a speaker.

SYNERGY[®]

SYSTEM

Synergy is all about configurability. It is a fully modular furniture system that takes customization to a whole new level. Combine various sized core and extension modules with enclosure elements to create a unique, personal piece of furniture. Or choose from a selection of pre-configured solutions that fits your needs.

SYNERGY SYSTEM MODULAR

Removable Rear Panels
allow easy access to components.

Extension Modules
Straight forward additions that make it easy to extend Synergy cabinets.

Anodized Supports
are the core of the extremely durable modular system.

Core Modules
For use individually or with modules.

Side Panels
Panels slide neatly between support posts enclosing exterior and interior of units.

Snap-on hinges fully extend optional doors and remove easily for better in-cabinet access.

Doors
Enclose any cabinet, fully or partially. Doors can be attached both from the left or right. (Doors sold separately.)

Optional, perforated door permit IR signals, add ventilation and mask speakers.

Drawers
Enclose any cabinet, fully or partially.

VERSATILE

Our award-winning Synergy System™ is a real breakthrough. It is a fully modular furniture system that takes customization to a whole new level. There are so many possibilities, anyone can create a piece of furniture that is uniquely their own.

Synergy Triple-Width 237, Cherry/Black

SYNERGY SYSTEM

DESIGN YOUR OWN

Personalize the appearance of the Synergy System by combining the finest material options. Choose wood finishes, posts, door inserts and side panels. The selection is all up to you.

- 1. Select a Core Module** - Available in Single-Width (23.75"), Twin-Width (44"), Triple-Width (66.25") or Quad-Width (88") in 12", 21", 31" or 41" heights.
- 2. Add Extension Modules** - Available in Single-Width (23.75"), Twin-Width (44"), Triple-Width (66.25") in 9.625", 19", 29", or 39" heights.
- 3. Enclose with Side Panels** - Available in black, wood finishes, black perforated steel.
- 4. Outfit with Doors** - Solid wood framed with black perforated steel inserts.
- 5. Select Wood & Posts** - Solid real wood veneers such as dark cherry, natural maple, dark walnut or black on MDF.

Our unique "Design Your Own" process uses an online Custom "Configurator" tool to help people build their own unique pieces of AV furniture. The Configurator lets anyone select the configuration and functional features that match exactly with their desired use.

SYNERGY SYSTEM CUSTOM INTERIORS

STORING

Our personal electronics storage is a great all-in-one organizational space storing remotes and other media devices.

MULTI-FUNCTION

Solidly built, these multi-functional pull-out shelves are specifically designed to support turntables and other heavy equipment.

CHARGING

Conveniently charge and store your mobile devices in our pull-out trays. Now there really is a place for everything.

PRO AUDIO

Cabinets can be outfitted with Rack Mounting Rails that allows integration of professional equipment, conforming to EIA 19" rack standards.

SYNERGY SYSTEM ACCESSORIES

An extensive family of accessories allows customization of cabinets to meet specific needs and preferences. Integrated accessories enhance functionality and provide years of reliable service. Feel confident that you can retrofit and upgrade your furniture whenever your needs change.

Integrated TV and Speaker Mounts
combine directly with cabinets

Accent Light sets the mood and adds light just where you need it

Decorator Feet and Wheels fine tune the style and function

Power Conditioning delivers better picture and sound

IR Repeater allows remote controls to operate through solid doors

Active Cooling system protects delicate electronics

SYNERGY Triple-Width 237, Cherry/Black

ARCHETYPE™

SYSTEM

ARCHETYPE™

MODULAR SYSTEM

The Archetype System™ is an innovative modular shelving system for audio/video equipment. Infinitely adjustable, it allows anyone to create a wide array of shelving possibilities.

DESIGNING AN ARCHETYPE SYSTEM™

1. Determine Number of Shelves and Height

Audio stands are available in three standard heights (20, 28, 36") and can be extended by stacking units or building with rod and couplers.

2. Select Wood

Solid real woods such as Natural Cherry, Natural Maple, Natural Walnut or Black on MDF.

3. Accessorize

Storage options available.

4. Enhance Footing

Wheels for mobility and spikes to reduce vibration.

MODULAR

Threaded steel support rods and matching fasteners allow shelves to be fully adjustable while allowing customers to stack units or add individual shelves as needed.

FUNCTIONAL

An Audiophile favorite that has earned "Recommended Component" status from Stereophile magazine, the system includes accessories like Dual-Wheel Casters, Arched Bookends and Drawers that also make it suitable for general shelving.

SURFACE

The 3/4-inch shelves and solid steel posts are rigid and strong enough to support 150 pounds each. Metal and neoprene spacers sandwich shelf corners, further isolating contents from vibration. Select from three attractive, solid hardwood shelf panels (cherry, maple, walnut) or a black MDF panel.

ARCHETYPE SYSTEM

Archetype Shelf Dimensions

Archetype 2.0

Black	A2/B
Cherry	A2/C
Maple	A2/M
Walnut	A2/W

- Includes 2 shelves.

Archetype 3.0

Black	A3/B
Cherry	A3/C
Maple	A3/M
Walnut	A3/W

- Includes 3 shelves.

Archetype 5.0

Black	A5/B
Cherry	A5/C
Maple	A5/M
Walnut	A5/W

- Includes 5 shelves.

Shelves

Black	SS/B
Cherry	SS/C
Maple	SS/M
Walnut	SS/W

- Weight Capacity: 150 lbs.
- 23" x 16" x .75"
- Hardware Included

Amplifier Stand

Black	AMP/B
Cherry	AMP/C
Maple	AMP/M
Walnut	AMP/W

- Includes Solid Steel, Mega Spikes and floor protectors

Stacking Coupler Kit

Set of 4, Black	STACK
-----------------	-------

- Use to extend or stack any two Archetype units.

Drawer

Black	DRAWER
Silver	DRAWER/S

- Capacity: 100 CD's, 22 DVD's
- Load Capacity: 100 lbs.
- Interior Dimensions: 18"W x 6.75"H x 15.75"D

Saturn Wheels

Set of 4, Satin Chrome	SATURN/A
Set of 4, Satin Black	SATURN/B

- Weight Capacity: 400 lbs. per set.
- Adds 3.75" to height.
- Set includes locking wheels.

Dual Wheel Casters

Set of 4, Black	WHEEL
-----------------	-------

- CAUTION: Tall, top heavy units should not use wheels for frequent movement.
- Weight Capacity: 200 lbs. per set.
- Adds 3" to height.
- Set includes locking wheels.

Mega Spikes

Set of 4, Black	SPIKE
-----------------	-------

- Performance enhancing heavy duty, machined, solid steel.
- Weight Capacity: 800 lbs.
- Includes floor protector pads.
- Adds 2.25" to height.

Bookends

Set of 4, Black	ARCH
-----------------	------

- Easy way to support CD's/DVD's, LP's and books.

Threaded Rods

Archetype 2.0 - 20", Black	300-060
Archetype 3.0 - 28", Black	300-050

CUSTOM SEATING

Entertainment seating is one of the most critical elements of a media room. That is why every piece of Salamander seating is constructed with the highest degree of strength, style and comfort. Our seating collections reflect a love of modern design, with simple, refined lines and functional forms. Salamander's advanced, flexible seating solutions more than measure up.

Our bench made home theater seating is **hand built & shipped in 30 business days**, enabling you to enjoy your furniture sooner than later.

BUILT TO LAST

RELAX...IT'S BUILT TO LAST

Our unique suspension system provides comfort and long-lasting support. It combines traditional springs and modern elastic webbing with the highest quality resilient virgin polyurethane foam. Cushions are cut to shape, wrapped with a layer of memory foam and covered with a layer of polyester padding before covering. This prevents cushions from packing down and losing their shape over time.

Seating frames are constructed of top-grade plywood that flexes and recovers without cracking. Joints are crafted with mortise-and-tenon construction for greater strength and durability. Only American-made, commercial-grade mechanisms are used, and higher gauge steel assures exceptional durability and reliability. Powered chairs have quiet motorized controls and infinitely variable stops to find the perfect position. No shortcuts...no compromises.

The key to seating ergonomics is to have the right support in the right place. Watching a movie can be an hours long experience, so proper support is essential.

DESIGN YOUR OWN

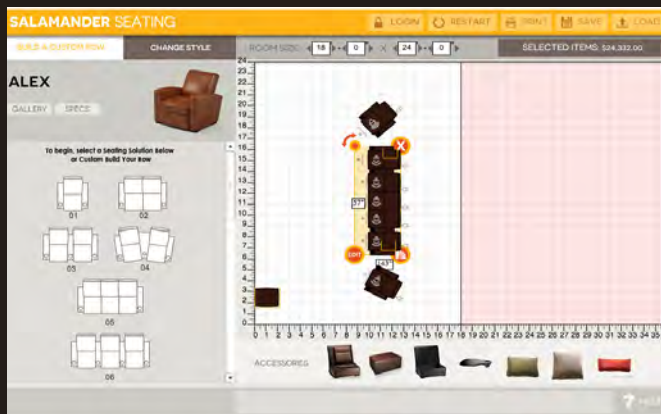

THE PERFECT SEATING SOLUTION

The innovative modular design of all Salamander seating styles means your options are endless.

Suit your space, taste and needs to enhance the comfort and enjoyment of your home theater experience in just a few steps.

Custom design your home theater room with our user-friendly DESIGN YOUR OWN configurator,

SalamanderDesigns.com/DYO.

STYLE

Choose yours.

MODULAR

Configure loveseats, straight or curved rows of seating by combining chair modules.

MECHANISM

Opt for a quiet powered or manual mechanism and recline in ultimate comfort.

CUSTOM DETAILS

CONTRAST PIPING

Perfect for creating a refined, sophisticated and personalized look. Available on some styles (color combinations must be within the same leather group).

CONTRAST STITCHING

Accentuate the fine detail on your custom handmade seating. Available on some styles (ivory or gray stitch, dependant on color selected).

SURFACE

Swivel tablets easily install into cup holders to provide handy surfaces.

PILLOWS

Matching lumbar pillows provide additional support, available in any leather or Microsuede.

CUP HOLDER

Recessed, with option for black or silver anodized aluminum. 2-7/8 Diameter

VIBRATION

Experience the natural percussive impact of movie sounds with Sound Transducers that produce a full range of frequency vibrations.

PREMIUM LEATHER LUSTRA

Full hides of supple, top-grain steer leather are carefully selected, dyed and top coated for added protection. Lustra's soft hand and classic character are reminiscent of Old English bridle.

PREMIUM LEATHER ROYAL

Fine Italian, aniline dyed leather with a soft and supple hand. Fine graining enhances Royal's beauty and gives it a warm, cozy appeal.

PREMIUM LEATHER

VINTAGE

Full-grain, aniline-dyed steer hides are selected for an excellent soft hand and drape. The age-distressed look, natural markings and color variants give each Vintage chair a unique, authentically rustic look.

PREMIUM LEATHER

LUXE

American dairy cowhide is meticulously selected for a natural, even, pebbled grain. Luxurious looking with excellent durability, Luxe is recommended for the contract, hospitality and residential markets.

FABRIC SERENE

Serene offers the best of all worlds a soft to the touch, durable fabric that drapes well and wears even better. 100% Polyester, Serene is an easily cleaned seating material that has the wear resistance you'll appreciate. Competitively priced and available in a wide range of stylish, on trend colors, Serene is one of our customers favorite textile seating materials.

FABRIC

VELUTO

Soft to the touch, like modern day velvet. Reminiscent of old time theaters, Veluto takes a classic style and amps it up with a contemporary look and feel for a perfect blend of comfort and style.

Veluto only available for Olivia and Jumpseat

FABRIC

MICROSUEDE

Exceptional value, attractive looks and growing in popularity. This 100% Micro denier fabric's soft feel, smooth nap, durability and easy cleaning make it an ideal choice for today's busy lifestyles.

QUALITY & VALUE

Based on twenty years of experience, we defined a line that combines popular styles with features we know will enhance the performance of most audio/video systems.

These are high quality pieces of furniture in enough styles that everyone will find something to fit their décor. The performance is built in, and best of all, they quick ship to you fully assembled.

QUALITY CONSTRUCTION

Solid, high-quality, fully assembled cabinets with premium hardware.

IR PASS-THRU

Remote-friendly glass doors allow pass-thru for remote control of electronics.

WIRE MANAGEMENT

Removable rear panels and cable raceways make managing and concealing cables easy.

VENTILATION

Built-in ventilation louvers keep gear cool to ensure optimal performance.

QUICK SHIP

Ships fully assembled within 3-5 days.

SDAV1

This classic American style in Matte Black or Warm Cherry fits comfortably in almost any decor. Framed wooden doors with integrated mullions and glass panes complete the aesthetic.
